## PROJECTS

### Portfolio Website

[livetembiso.co.za](https://livetembiso.co.za)

HTML | CSS | Javascript

I use this website to display my projects and the skills that I have acquired.

### CS Capstone Project

<https://pycat-50c79.firebaseio.com/>

React | Firebase | SASS

In a team of 3 we created a platform for 1st year CS students to easily view, rate and share online resources and to lectures add resources and rate them too.
